

Dear Friends and Family,

In-lieu of our standard Christmas letter, we decided to tell our story in pictures this year. As you can see, a lot has been changing in our family, especially when it comes to size!

Bringing Michael home from China and watching him adjust to his new life has been the most incredible miracle to witness! In just four months, he has deeply bonded with each of us and he's been growing more and more each day.

Another big change came when God provided the opportunity for us to move into a new house this year. We now have more space to continue growing our family, plus we're much closer to our church. We even got to experience snow at our new house!

We hope you and yours have been enjoying this wonderful season and we wish you all the best!

- Kevin, Sarah, Katie, Eli & Michael
